

BE THE FUTURE OF OCEAN SCIENCE

MIT·WHOI

JOINT PROGRAM IN OCEANOGRAPHY/APPLIED OCEAN SCIENCE & ENGINEERING

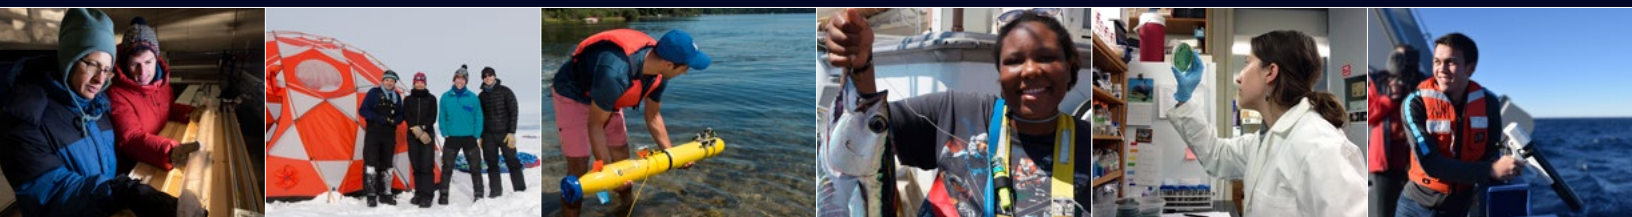

WOODS HOLE
OCEANOGRAPHIC
INSTITUTION

**Massachusetts
Institute of
Technology**

Doctoral Degree in
OCEANOGRAPHY/APPLIED OCEAN SCIENCE AND ENGINEERING
MIT.WHOI.EDU

You have a passion for discovery and excel in science or engineering. We have access to the technical and scientific resources of two renowned institutions and many decades of experience mentoring emerging scientists. Whether you want to work in the lab or at sea, with models or with observations, our doctoral program brings you alongside internationally- recognized leaders in each oceanographic discipline. Together we can tackle the biggest interdisciplinary problems that face our world such as climate change, marine ecosystem and coastal vulnerability, and more.

Seeking students with diverse academic backgrounds and a strong foundation in biology, chemistry, engineering, geology, geophysics, mathematics, oceanography and physics.

APPLICATIONS DUE DEC. 15
